- c. The specific operational plan (D-44) be referred to a Working Group composed of designees from the member agencies and USIA for further staff consideration and development in greater detail and with a view to intensifying the use of all available facilities in the Far East in the current situation prior to approval by the Board.
- d. The plan specifically include provisions for necessary field study and coordination.
- e. The chairman for the Working Group be the USIA representative. However, special consideration is to be given to the position of CIA with respect to Formosa.
